EDUCATION

2012-2023

SCHOOL

- General secondary school

2023 - (2027)

PDP UNIVERSITY

- Specialized with IT

SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English (B2)
- Russia (B1)

PROFILE

I am a demand course in PDP University majoring in Supply Chain Management. I am working on my own with a solid foundation in web development technologies such as Python, Django, FastAPI Dart, Flutter and HTML, CSS and JavaScript. My typing speed is 85+ WPM. I strive to continuously learn and apply my vision in order to become a competent programmer fully responsive to the programming processes of any company.

WORK EXPERIENCE

Figma designer

2023

- As a Figma designer, I have contributed to several small-scale projects, leveraging my skills in creating intuitive and visually appealing user interfaces.
- My work has involved close collaboration with developers and stakeholders to ensure the design aligns with the project's goals and enhances the user experience.

Team projects

2023-2024

Figma and Frontend developer

- I have had the opportunity to work as a frontend developer on various team projects, where I utilized my skills in HTML, CSS, and JavaScript to create responsive and dynamic web applications.
- Collaborating with other developers, designers, and stakeholders, I contributed to building user-friendly interfaces and enhancing the overall user experience.

Teaching experience

2025

Programming Instructor at PDP Junior

- In 2025, I worked as a programming instructor at PDP Junior, teaching children under the age of 15.
- I delivered beginner-level programming lessons in an engaging and age-appropriate manner, helping students develop logical thinking and foundational coding skills.
- My role involved preparing lesson materials, managing classroom activities, and encouraging curiosity and creativity in young learners.

Backend Tutor at Mars IT School

- In the last months of 2025, I joined the Mars IT School team. I worked as a backend teacher and taught children under 16, as mentioned above.
